Student Responses

Benefits of 9-12 configuration 2009-10

- “Advanced maturity/influence”
- “More curriculum choices”
- “West 9th graders would not have to leave school as early for extra-curricular activities”
- “Realize the importance of credits”
- “Could split 9th grade class between here and East; based on classes taken”

Shortcomings of 9-12 configuration 2009-10

- “Locker space: Half of the lockers are bolted and do not work also.”
- “Lunch: Overcrowding, three lunch periods?”
- “Sport rivalries: Students are not participating.”
- “Bullying: Divisions in school by grade?”
- “Students getting lost: Twice as many.”
- “Some students from each junior high are not as prepared as the other.”

Student Responses

Benefits of keeping 10-12 configuration

- “Currently running smoothly”
- “Sufficient room”
- “Teachers can stick to current curriculum and will not have overcrowded schedules.”
- “Room in both lunches; would not require grade separation.”

Shortcomings of keeping 10-12 configuration

- “ Teachers could use study halls as prep periods.”
- “Vo-tech mixed in with students at the high school causes some stereotyping.”
- “AP classes need smaller classrooms that are capable for lab use.”
- “Some study halls are either too small or too large.”

Parent Responses

Benefits of 9-12 configuration 2009-10

- “Sports coordination”
- “Band”
- “Begins GPA for high school and provides emphasis on importance”
- “Stricter/discipline”
- “Assimilate students into a more mature environment a year earlier”
- “9th graders relate better to 10th – 12th than 5th – 8th. Physical and mental maturity”
- “At high school facility to start high school career”

Shortcomings of 9-12 configuration 2009-10

- “Larger classroom sizes? Fewer class offerings to accommodate students (maybe?)”
- “Losing 9th grade benefits. A farewell to 8th grade like other school districts and have special events for transition”
- “Cost to remodel to accommodate 9th grade classes”

Parent Responses

Benefits of keeping 10-12 configuration

- “None”

Shortcomings of keeping 10-12 configuration

- “Sports and band are at the high school and 9th grade students and parents feel left out of the loop. Reduces team feeling and parent support”

- “Communication among departments”
- “9th grade West gain instructional time”

Shortcomings of 9-12 configuration 2009-10

- “Prep for staff (need space that is productive).”
- “Too many students for musical”
- “Loss of leadership to 9th grade”
- “Loss of socialization and prestige”
- “Lose electives due to staffing”
- “Loss of instructional time due to 3rd lunch”
- “Building conditions”
- “Renovate needed before relocation”
- “Enough science lab space for 9th grade”

Teacher Responses

Benefits of keeping 10-12 configuration

- “Less money for renovations”
- “Allows for implementation of a transition period for students (1 year +)”
- “Incorporation of extra year for career”

Shortcomings of keeping 10-12 configuration

- ☺

Administrator Responses

Benefits of 9-12 configuration 2009-10

- “Academics”
