JOB DEMANDS

Working the Emergency Services field is not for everyone.

Emergency Service workers will work various shifts and schedules, including weekends and holidays.

Potentially dangerous work environment.

Emergency Service work can be physically and emotionally demanding but also rewarding!

To the Rescue!

Protective Services prepares individuals to apply technical knowledge and skills required to perform entry-level duties in law enforcement, fire fighting, EMT and other safety services. This program stresses the techniques, methods and procedures peculiar to the areas of criminal justice and fire protection especially in emergency and disaster situations. Physical development and self-confidence skills are emphasized. In addition to the application of mathematics, communication, science and physics, students receive training in social and psychological skills, map reading, vehicle and equipment operations, the judicial system, pre-hospital emergency medical care and appropriate emergency assessment, treatment and communication.
